

If ever there was a time for the FCC to police the airwaves, this is it. Sinclair group intends to instruct a local station in my area to play, AT NO CHARGE, a political commercial backing the re-election of president Bush. This cannot be allowed. The similarities between this event and how the media in the Soviet Union operated is striking -- only allowing pro-administration "news" on the air. We cannot let our airwaves be hijacked by a one-sided corporate entity, conservative or liberal.

Please take action to ensure this does not happen.

Thank you.
